Angelman Syndrome

Meet Hayson, a Junior Kindergarten student at WCS. Hayson was born with Angelman Syndrome, a rare genetic disorder that impacts some of his development. Hayson lights up the classroom with his big smile! He has made strong friendships with his classmates and likes to run in the gym, enjoys the water table centre, and most of all loves people. Like most 4 year olds, Hayson is curious, silly, and loves school and his teachers. Through Hayson, and all of our diverse learners at WCS, students are learning what it means to be inclusive, compassionate world citizens.

Please join us in wearing **blue** on February 15th in awareness of International Angelman Day.

Heart Health Month

February is heart health month!

Students will be participating in Heart Health stations during physical education time. Learning about heart health and the importance of activity is key in our Wellness curriculum.

If you and your family go for walks, cross country skiing, snowshoeing or any other activity that involves enjoying physical activity together as a family, please send pictures our way - central@ngps.ca.

Fundraising information will be sent home with students.

Breakfast Program Volunteers

If there are any parents who would like to volunteer for our Breakfast Program, please call the school or email Connie Sebo at connie.sebo@ngps.ca. Thank you!!

Pink Shirt Day:

Whitecourt Central School will recognize Pink Shirt Day on February 28, 2024. Watch for our photos!
