Wet Weather

The weather over the last few weeks has definitely made our playground a little more sloppy and wet. Please consider sending an extra pair of socks and pants with your child in case of puddle emergencies.

Unleash Your Greatness

Jon Hansen presents...

The Grade 5 Winners of the "Unleash Your Greatness" website entries are:

- Alora P
- Noah M
- Alex F
- Jai K
- Kaylee S

Congratulations!!!

Current Learning Experiences

**Our Resiliency Theme for Term 3 is *Jumping Your Hurdles*. This theme focuses on students always trying their best, not giving up, and understanding that we all make mistakes and learn from them.

**Guided Reading - All teachers run Guided Reading groups in their classrooms which assist students with vocabulary development, comprehension and fluency.

Hour Zero Safety Drills

With nicer weather on its way, we will again be practicing our outdoor safety drills as well as continue with our indoor safety drills. These drills include:

- fire evacuation
- lockdown
- hold and secure
- shelter in place

Schools are considered to be one of the safest places in our communities. However, an emergency can occur anywhere at any time. During an emergency, our first priority is the safety of our students and staff.

Hour-Zero provides schools with the tools, tactics, and training needed to prepare and respond to emergencies. We regularly practice drills as a way for students and staff to learn how to respond should an emergency situation arise. Earlier in the year, we highlighted the procedure for each one of these drills. If you have any questions about any of the practice procedures, please call the school.

Canniff Corner

Resiliency is everywhere. Spring is a great time to see how things "come alive" again. I am especially amazed at the volume of dandelions that grow on my front lawn despite my best efforts to subdue them, fortunately I can now share that I am caring for the bees as dandelions are one of the first pollination stations for these important insects! Resiliency shows itself through the world around us but it sometimes takes effort on our part to see it, embrace it and practice it. Children follow our lead and as caring and loving adults we need to practice demonstrating our embracing of this important skill.

Assembly Theme
Our theme for April's assembly is "Anything but a Backpack Day"! Let's see that creativity!!!

MAKE IT SOW INC

CENTRAL SCHOOL SPRING FUNDRAISER

Online Orders:

<https://makeitsow.com/shop/#code-submission>

Access Code: Epic_2024

All paper and online orders are due no later than April 9, 2024

THANK YOU FOR SUPPORTING CENTRAL SCHOOL!

Student Conflicts

Minor conflicts between students arise daily. In order to resolve these conflicts and to be prepared for larger conflicts, we encourage our students to use their WITS.

- W - Walk away
 - I - Ignore
 - T - Talk it out
 - S - Seek a supervisor
- Our staff and supervisors are always ready to help students navigate situations that arise. This helps students practice their problem solving skills with support and guidance.
